

adventure
is calling...

adventure list

Creating an adventure list is a great way to get started discovering things that light you up inside. It's also a chance to spend intentional time with those you love!

Let's get started! Adventure is calling!

STEP 1: INTEREST INVENTORY

This sheet gets your brain thinking about all the things that interest you right now in your life. It also gets you thinking about all the new things you would like to explore. Be sure to print out 2 if you are planning to make your list with someone!

STEP 2: CREATE A LIST

This part can seem overwhelming but I got you covered! I created a list of 50 adventure ideas to help you get started! It is part of the free printables [here](#)! Now make a list of all the fun adventures to do together! Have fun creating this list!

adventure list

STEP 3: START MAKING MEMORIES

How do you make time to do these adventures? Plan ahead and mark it down on your calendar as a priority!

That's what it takes as our kids get older. It takes intentional planning. You may discover something you both LOVE to do! Remember, nothing great comes from comfort zones!

STEP 4: DOCUMENT YOUR MEMORIES

Make sure to take some photos during your adventures! I created a fun Adventure Journal so that you can create a keepsake of all the memories that you made! This is also a FREE printable for you!

I am so excited to help you create memories and connect!

Be sure to share your adventures with me!
